

Math In Action – Apollo Enrichment Program 2018-2019

MATH IN ACTION is a **free** Math Enrichment offered to all the kids by Ellipsis Academy all over the academic year.

Math in Action challenges all the kids beyond their daily math work. This is an action to push kids to their maximum potential and develop out of box thinking strategy and problem-solving skills.

The PTA in Apollo have MATH IN ACTION for our enrichment program this year. Visit <http://www.mathinaction.org/apollo-elementary.html> for details.

The program provides 15 sets of challenges throughout the school year; each set is published every other week starting in late September or early October and ending in May. These math challenges cover problem solving strategies such as draw a picture or model, make an organized list, look for a pattern, working backward, and guess and check. Each challenge presents 10 to 18 problems ordered by level of difficulties which enables students from various grades to participate.

More information about our school's Math in Action program can be learned here: <http://apollopta.ourschoolpages.com/Page/Programs/Math%20in%20Action>

How to participate?

Please fill the form below and return it to your teacher by **9/14/2018 (Friday)**. **We will send you an email for more details after receiving the form. This authorization will last for 2018-2019 school year only.**

Contact for questions: Laura Ni (Co-Director of PTA Programs), chengwenni@gmail.com
